SUMMARY

Creative **Full-Stack Developer** skilled in **React.js, Node.js, Express.js, and MySQL**, currently expanding expertise in **MongoDB**. Experienced in building secure, high-performance web apps with **JWT authentication**, API integration, and responsive UI. Passionate about **UI/UX design** using **Figma, Adobe XD**, and **Photoshop**. Leverages **AI tools** to boost productivity and code quality, blending creativity with logic to deliver optimized, user-centered digital solutions.

EDUCATION

Bachelor of Science (B.Sc)

Karnataka University Dharwad | 2022-25

Pre-University Course (PUC) - Science

Govt PU College Dharwad | 2020-22

TECHNICAL SKILLS

Front-End Development

HTML5, CSS3, Bootstrap 5, Tailwind Css, JavaScript (ES6+), React.js

Back-End Development

Python (Django, Flask), Node.js, Express.js

Database Management

MongoDB, MySQL (CRUD, joins, subqueries)

Tools And IDEs

Visual Studio Code, Figma, Adobe XD, Photoshop

Authentication & Security

JWT, bcrypt

Version Control

Git and GitHub

CERTIFICATION

Python Full Stack Development

Apponix Academy (2025)

WordPress Web Development

Prognosis Info Solution (2023)

Cyber Shiksha (Non-Technical Project)

Quick Heal Foundation | Project Coordinator | Managed 20 Teams (2 Members Each) (2023-24)

PROJECTS

E-Commerce Web Application(**FYNTRA**)

2024 | Hubli, India

A full-stack e-commerce platform developed using **React.js, Node.js, Express.js, and MySQL**, offering a secure, scalable, and user-friendly online shopping experience. The project includes robust authentication, intuitive admin management, and seamless cart operations.

Key Highlights:

- Authentication & Security:** Integrated JWT and bcrypt for secure login, role-based access control, and protected admin routes.
- Admin Dashboard:** Enabled management of users, products, and categories with complete CRUD functionality and image uploads via Multer.
- Shopping Cart System:** Real-time cart operations to add, update, and remove items dynamically.
- Responsive Frontend:** Built with React Router, Fetch API, and validated forms for an interactive user interface.
- Deployment & Integration:** Deployed on Render with fully connected frontend and backend ensuring smooth live performance.

Access:

- LiveDemo:** <https://fyntra.ecommerce.website>
- Tools Used:** React, Node.js, MySQL, JWT, bcrypt.
- Problems Solved:** Enhanced user experience and streamlined CRUD operations.

KEY FEATURE

**Developed a Full-Stack E-Commerce Website**

Developed a full-stack e-commerce platform using React.js, Node.js, Express.js, and MySQL with secure JWT authentication and admin control. Built an admin dashboard for managing products, users, and categories with image uploads. Designed a responsive UI and deployed the scalable live application on Vercel.

**Certified in Full-Stack Web Development**

Successfully completed a full-stack development certification program covering HTML, CSS, JavaScript, React.js, Node.js, Express.js, and MySQL. Gained hands-on experience in building responsive and secure web applications with RESTful APIs and database integration. Strengthened problem-solving skills and learned effective use of Git/GitHub for version control. Demonstrated project deployment and scalability best practices.

SOFT SKILLS

Active Listening: I pay close attention to my team's perspectives and feedback to ensure clear understanding before taking action.

Collaboration: I thrive in team settings, working together to accomplish goals efficiently and harmoniously.

Time Management: I organize and prioritize work smartly to meet deadlines while maintaining high standards.

Patience: I remain calm and focused when facing challenges, helping maintain a positive and productive environment.

Leadership: I take initiative, guide others confidently, and make thoughtful decisions to move projects forward.
